## REPORTING ON EXPORTED PATIENTS IN MED ACCESS

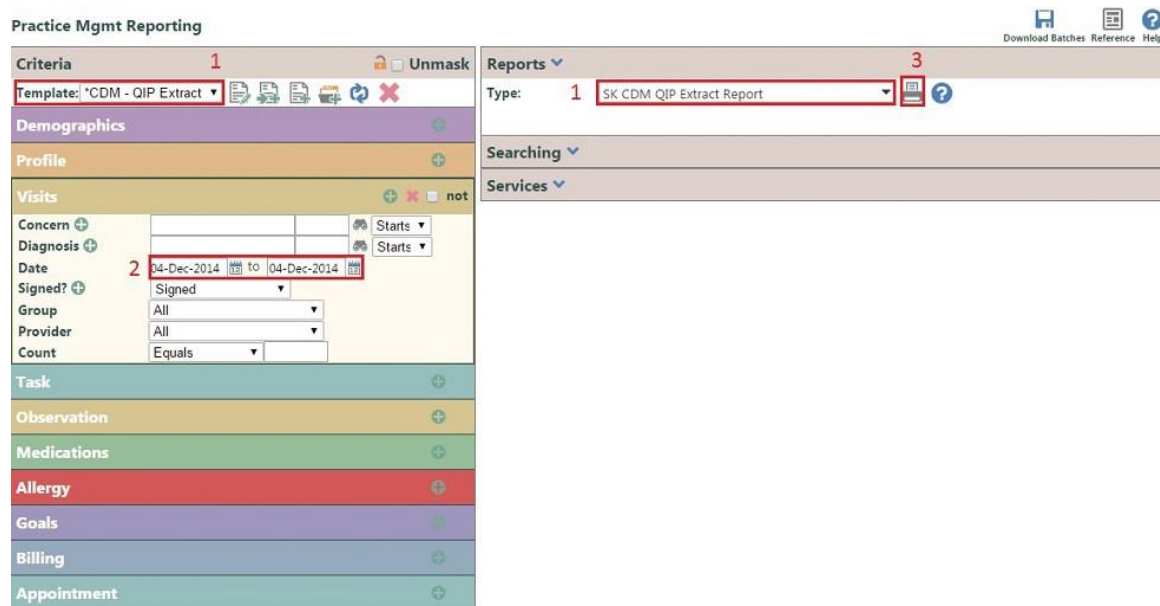

A list of all SK CDM QIP Worksheets that have been exported can be viewed on the CDM-QIP Extract Report.

*Note: The report should be reviewed regularly to verify exports were sent successfully.*

### How To View Report

To view this report, click on the Reports Icon  from the main EMR screen. This will open the Practice Management Reporting window.

1. Select **\*CDM-QIP Extract Report** from the Template drop down on the left. This will automatically set default reporting criteria and select the **SK CDM QIP Extract Report**.
2. Under the Visits section, change the Start Date as needed
  - a. *\*Note: Start Date is the only required field to run this report*
3. Select the Printer  icon to view the CSV (Excel) report
